

Saturday Special, Oct. 17th

This Week We Give the Men a Chance to Save a Few Nickels and Dimes. It's seldom the men have a chance at our bargains, from the fact that we keep very few things for men, and we have decided NOT to keep

Richards, whose work has been among the Tonga and Sheetswa tribes of east Africa, stated that he invented a phonetic language for the savages and in that way taught them to read the Bible. A Well Known Druggist Explains How Vinol Creates a Desire for Food.

"Vinol is the greatest aid to digestion that we have ever known," said Mr. Wells of the firm of Rickett & Wells.

"It contains all of the active, medicinal-curative elements that are found in cod liver oil, without any oil or grease.

"These medicinal elements act so favorably upon the stomach that this organ obtains for itself the elements necessary for creating new flesh, muscle tissue, and for making rich, red blood.

"When the stomach acts easily and naturally, a desire is created for good, simple food, and a good appetite is the sure result.

"With cod liver oil in its old form, the medicinal elements which it contained were unable to do their best work because of the obnoxious oil that enveloped them.

"Now in Vinol we have those same medicinal elements separated from the vile-tasting oil, and we have a tonic and rebuilder that is simply marvelous in its action.

"We want every one in Barre to know more about our Vinol, how it cures and what it cures. Certainly Vinol is the greatest tonic and rebuilder we have ever sold.

"Lack of appetite is not itself a disease, but a symptom of weakness showing itself in the nerves of the stomach, which control the desire for food. We guarantee Vinol will cure this weakness or give back your money." Rickett & Wells, Druggists.
